

# Welcome to AB Studios

We're excited to share AB Studios with your family and support your child's learning beyond the school day.

**AB Studios brings enrichment to life through engaging, story-powered learning experiences.** Students explore topics through short videos and hands-on activities designed to spark curiosity, creativity, and confidence.

Through storytelling, science, creativity, and culture, AB Studios helps learning feel fun, meaningful, and something students look forward to. Activities are age-appropriate, interactive, and designed to encourage participation, imagination, and collaboration.

AB Studios also helps programs stay organized so students can enjoy a consistent, high-quality enrichment experience each day.

Together with your school, we're helping students build a love of learning that continues beyond the school day.
