Calendar Overview AB Studios

Learn how to efficiently manage your educational schedule by creating, updating, and exporting lesson plan events. This guide walks you through the steps to organize your curriculum and sync your events with external calendar applications.

1 Navigate to https://app.abstudios.com/app/events

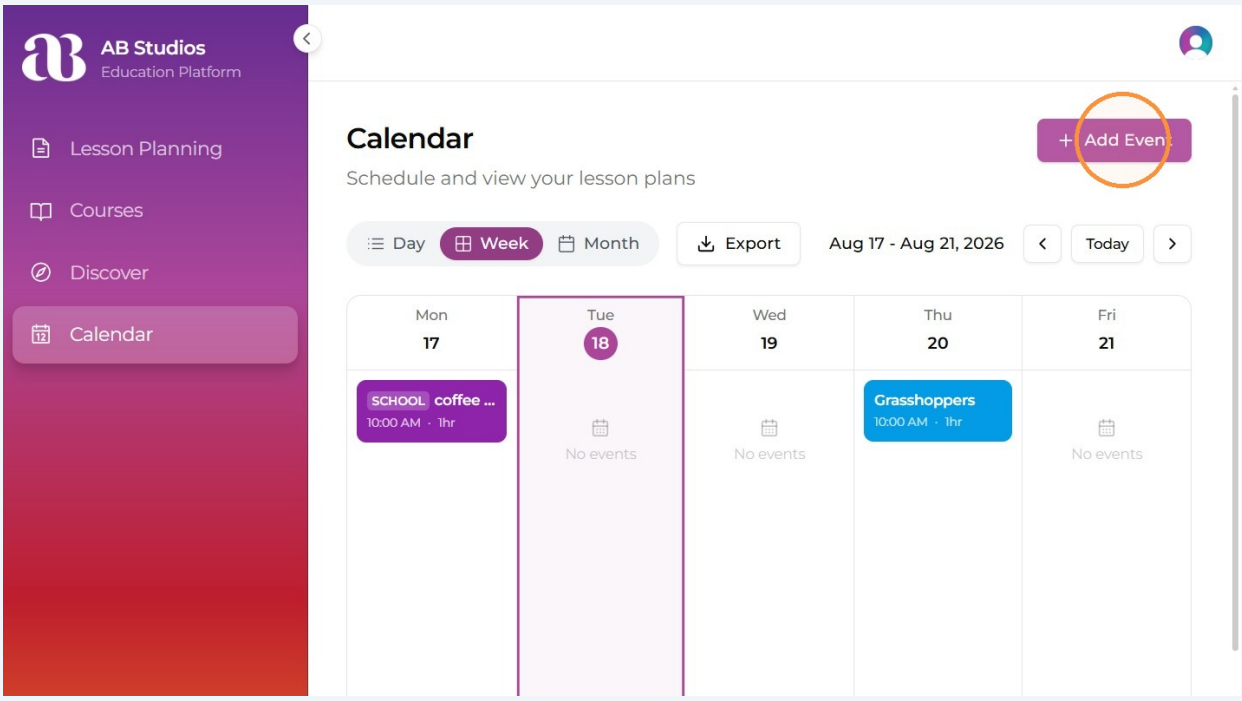

2 You can find your calendar on the left side toolbar

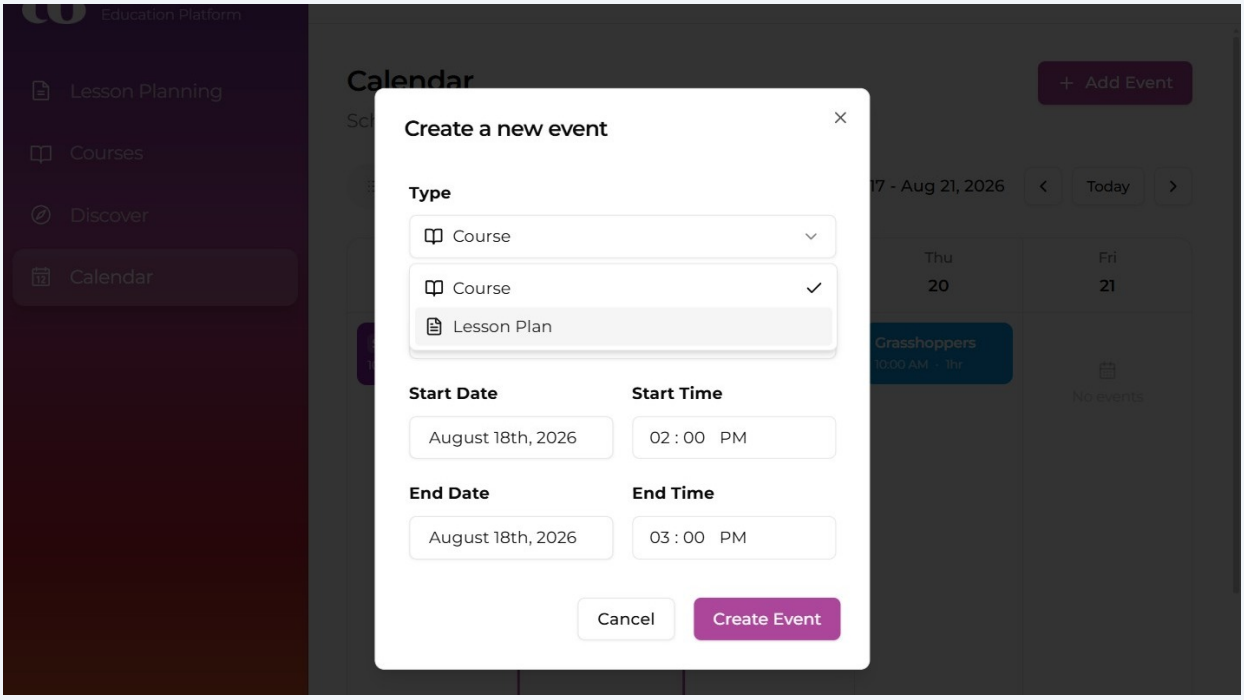

Event Creation

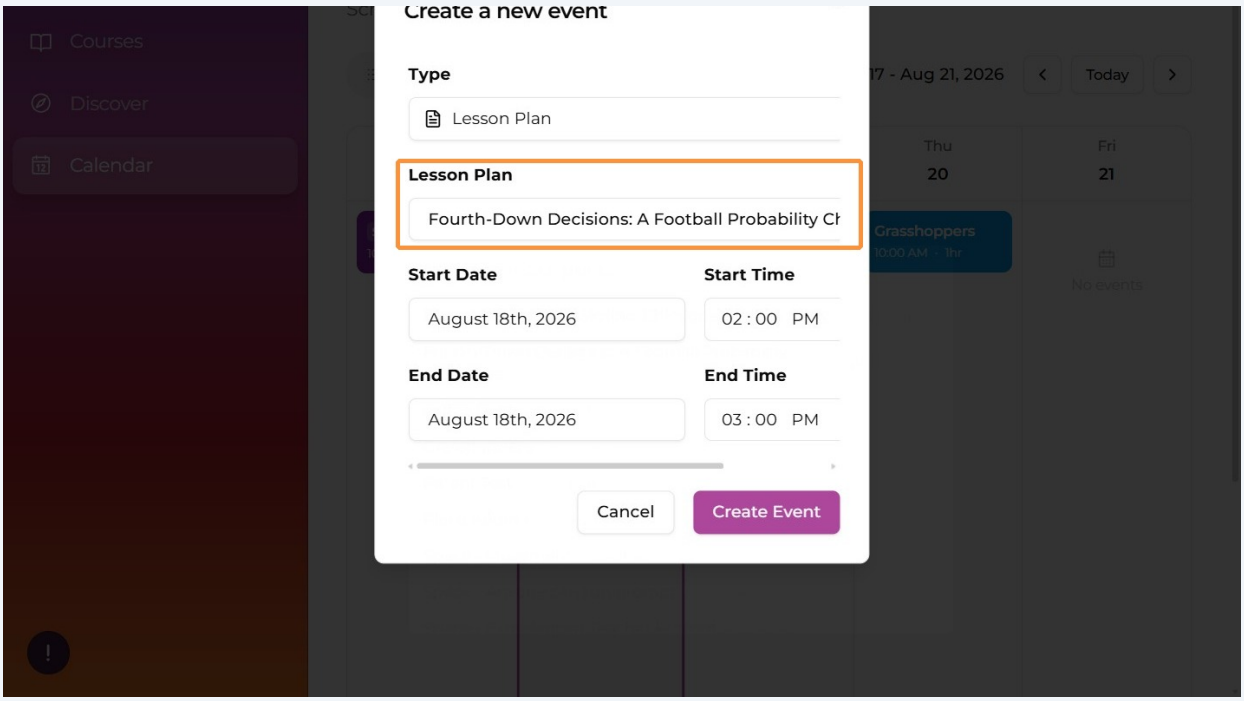

3 Click "Add Event"

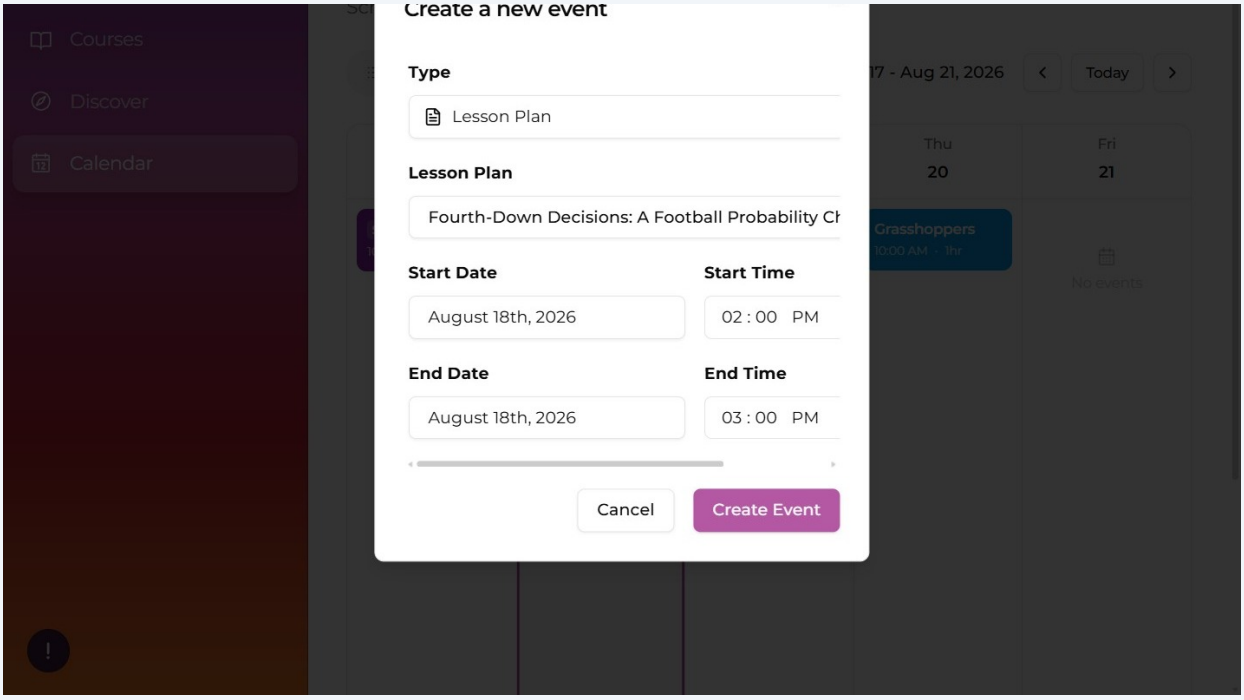

4 Select if you want to schedule a course or lesson plan

5 Select from a drop down menu which lesson/course you want to schedule.

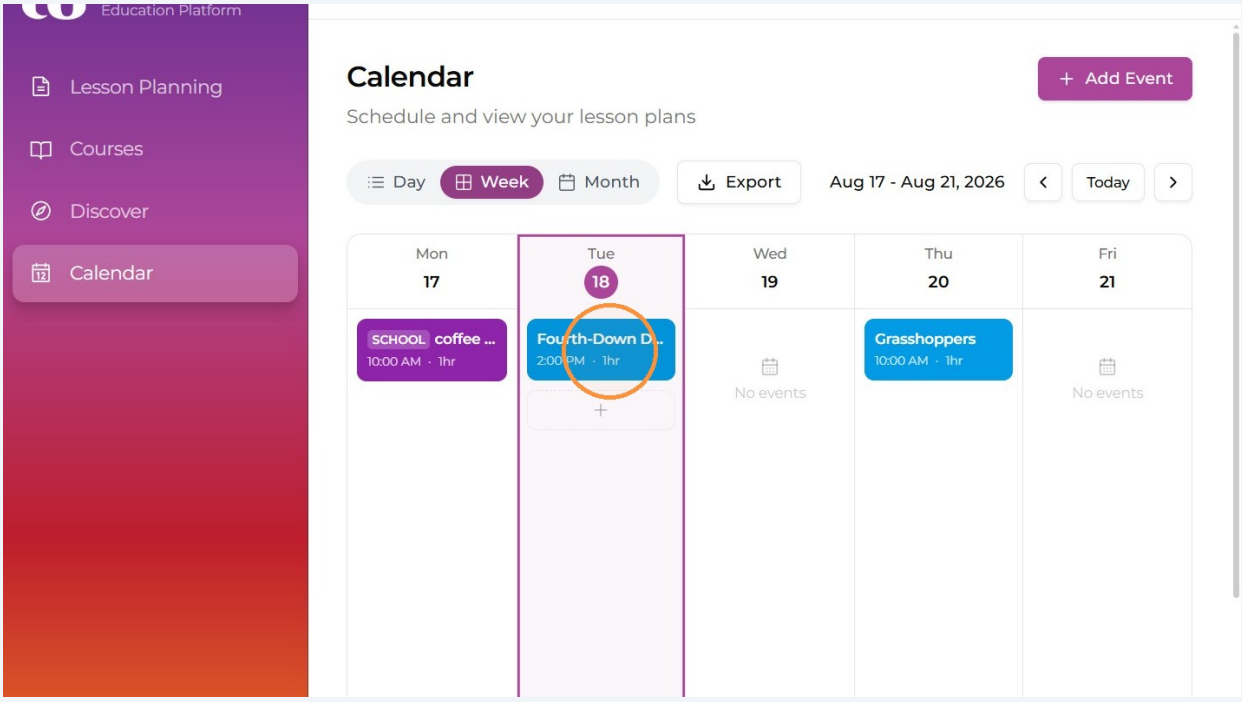

6 Select the date and time you want to schedule this lesson/course and then select "Create Event"

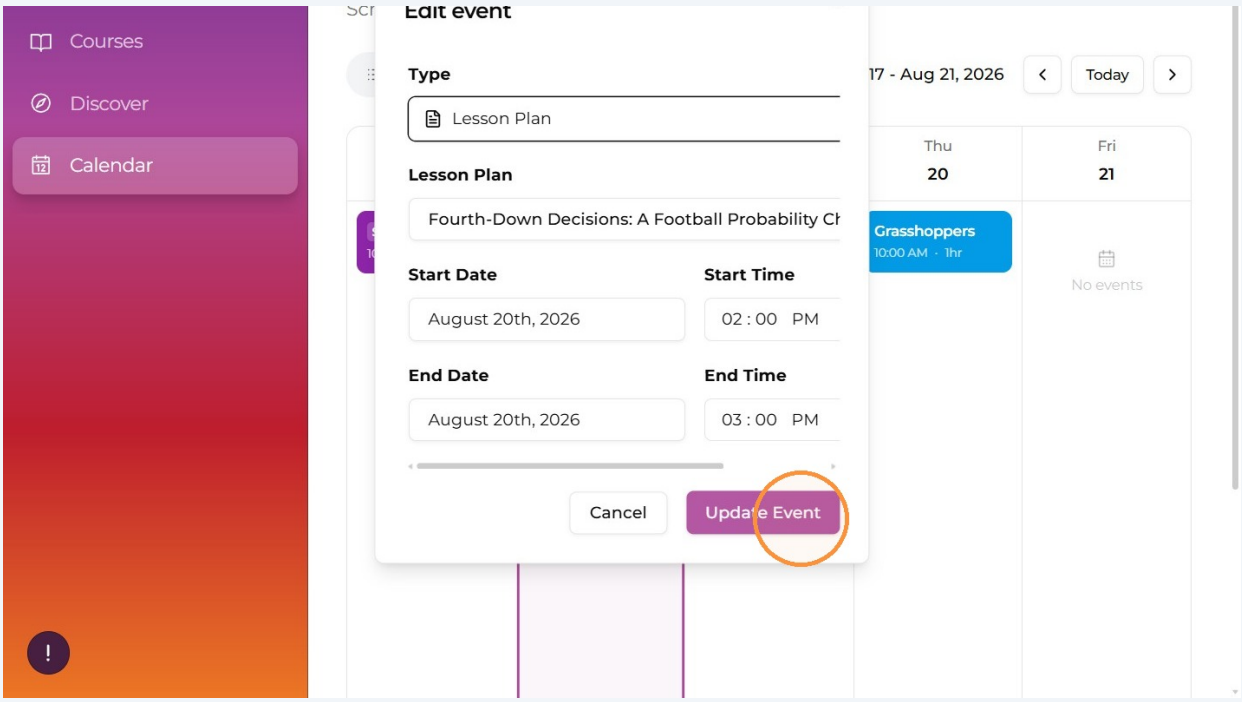

Event Editing

7 To edit a scheduled lesson, select the lesson you want to edit. You can also drag and drop this lesson to the correct day.

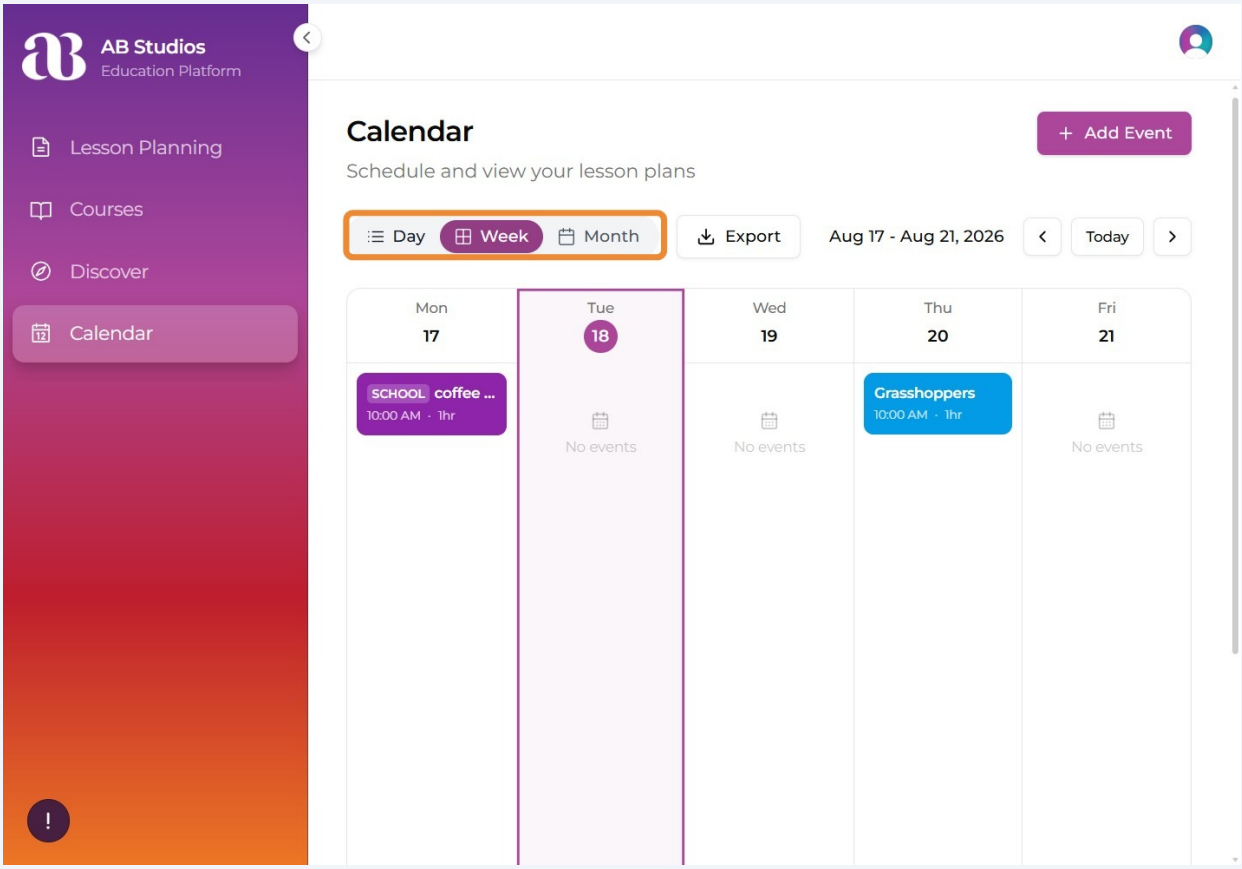

8 You can change anything, the entire lesson, start date and time. Click "Update Event" to confirm changes.
